Set against a backdrop of Mount Asama, Karuizawa is a unique fusion of East and West. When you arrive at Hotel Indigo Karuizawa, you'll discover subtle design elements that evoke the history and culture of this artistic resort town.

Welcome to your ideal escape from the hustle and bustle of the city, where ideas flow and experiences are memorable. Upon your return home, you will feel energized and refreshed. A true villa-inspired getaway.

## Welcome to our neighborhood

---

A flourishing post town during the Edo period, Karuizawa has opened its arms to international and domestic travelers since ancient times. Western missionaries settled here, and the neighbourhood's hospitality blended eastern and western cultures, transforming the town into a unique alpine escape.

Our Hotel Indigo Neighbourhood Hosts will share fascinating stories of Karuizawa past and present that will enrich your experience when you are both in the hotel and out exploring the local neighbourhood.

At Hotel Indigo we welcome you with the very same warm hospitality which the local people of Karuizawa are so renowned for.

### A UNIQUE FUSION OF EAST AND WEST

Featuring beautiful interiors and superior comfort, each guest room evokes a villa-like atmosphere.

You'll feel the love of nature in our guest rooms. Throughout each room, carpets have been inspired by trees found in Karuizawa's forests. From the window of your villa, you can see the beauty of the surrounding area, making you feel at peace and relaxed.

Traditional crafts combine with contemporary art from the local Karuizawa neighborhood to create an atmosphere of calm and sensibility.
